

RBS 4836 BF 4P .875

OD: 48" x 37" x 78"

Enclosure: up to 45.75" x 72.75"

Threshold: 7/8" Change of Level*

Handed By: Center Drain

Weight: 426

Load Factor: 2.66

Truck Load Factor: .66

* Change of Level Threshold has a manageable 1/4" vertical rise to easily coordinate with minimum finished flooring.

Product Specification: The specified shower enclosure shall be 48" x 37" x 78" with drain on L or R. The walls shall provide unlimited future seat & grab bar installations from the front side, constructed with continuous plywood reinforcement in all flat areas and shall include integral metal guide pins to allow front side installation. The barrier free shower pan shall be engineered to allow above the floor installation with a steel reinforced beveled threshold for wheelchair entry without the need for recess or a ramp. Pan shall be equipped with a factory engineered self sustaining base, (mud-set not required) for proper water drainage and fast installation. The shower surface shall be a sanitary marine grade polyester gelcoat finish. All Shower compartments shall be warranted by manufacturer against defects in structure and finish for 30 years from the date of installation. Contractor shall provide Renovative Bath Systems Model RBS4836BF 4P .875 Center or equal.
